UNITED GAS & POWER

The Midland Football League partnered with United Gas & Power for the 2022/23 season, the top-rated commercial energy supplier in the UK.

Since the partnership went live, clubs up and down the region have set up energy agreements in an effort to manage the currently choppy waters and rising costs of the UK energy market.

With the wholesale cost of energy falling for its third consecutive month, the tide looks like it may be changing and it may now be a great time to look at your energy costs.

UGP have launched an exclusive offer for the league, where they guarantee to beat any renewal offer for your next contract.

We spoke to Head of Sales at UGP Michael Coverdale, who advised that there is good

news on the horizon for clubs, with prices coming down and UGP have offered an exclusive offer for Midlands League clubs:

“The commercial market has plummeted over the past few months and now is a fantastic time to look at your energy costs. We have supported clubs up and down the nation as much as we can over the past 10 years and will continue to do so. With that in mind, if we can't beat your energy renewal offer this year, we will donate £100 to your club!”

**The offer will run until the end of April and you can find all the information at the website below
www.ugp.co.uk/midlands-league
or email midlands@ugp.co.uk for more information.**

Alternatively call through on 0800 669 6697 quoting the Midlands League offer where you can discuss with one of the team.

THANK YOU TO
OUR SPONSORS
